

Touchless sauce dispenser KEMAMO

KEMAMO

Touchless sauce dispenser

General information

-  For standard sauces such as ketchup, mayonnaise and mustard or for homemade sauces.
-  Sauces in portion, in bottle or with a manual pump dispenser are not needed any more; much more hygienic and economic.
-  Pump operated by the sensor under the protection film, no contact with hands or fingers.
-  3 distribution nozzles according to sauce consistency.
-  Main switch on the back of the device.
-  Easy to clean. Removable container and totally dismountable pump dishwasher safe. Sold with a small cleaning brush.
