Pasta cooker VMC-3

Pasta cooker VMC-3

Multi-function cooker

General information

Quality and sustainability

100% stainless steel construction and robust.

GN 1/1 container (310 x 510 x H300-310mm) for 25 to 40 litres, resistant to salty water, pressed from a single piece of metal.

Easy cleaning and optimum hygiene thanks to the rounded corners and pivoting heating element.

Ajustable thermostat from 40°C to 105°C.

Further features:

- Security thermostat with reset button.
- Water supply with tap mounted on back (on request).
- Drain valve.
- Protection index IPX4 / CB and DNV-GL certified.
- 20 years spare parts availability.

Pivoting heating element

Enables easy access to the pan and makes daily upkeep simple.

Numerous combinations of baskets adapted to each needs. For example:

2 rectangular baskets

6 round baskets
